

SCHOOL ELECTION IS HELD TODAY

People Should Turn Out and
Elect the Non-Partisan
Candidates.

THE TICKET.

First precinct—H. V. Van Pelt.
Second precinct—Samuel C. Park.
Third precinct—Robert H. Bradford.
Fourth precinct—James T. Hammond.
Fifth precinct—W. J. Barrette (four years), non-partisan; Dr. Gilbert B. Pfoutz (non-partisan) and Dr. C. I. Douglas (American) two years.

Today the people go to the polls to formally decide who shall be the incoming members of the board of education of Salt Lake. With the single exception of the candidates for the two-year term from the fifth precinct, the men on the ticket are the unanimous non-partisan choice of the precincts they represent. In the Fifth Dr. C. I. Douglas is the choice of a certain faction of the American party, who broke the non-partisan agreement entered into by the chairman of the three parties in that precinct because of the selection of Dr. G. B. Pfoutz. So that the election in that precinct will furnish the only political display of the day.

Every Salt Lake citizen who registered or voted at the county election may vote on the school question today. The only issue of the campaign, with the exception noted, has been that of keeping politics out of the government of the public schools, and by the election of the non-partisan candidates and the defeat of the American party attempt to violate the agreement, that purpose will be accomplished.

In the Second precinct the Socialists are said to be planning a fight for G. W. Creamer, a machinist, and it may be necessary to poll a heavy non-partisan vote to defeat them.

Most of the candidates have already served on the city board of education and are familiar with the educational needs of Salt Lake. The incoming board has before it the undertaking of building a half million dollar high school and other important improvements in the public school system, so that the need of keeping it a non-political organization is further emphasized.

MANY MENTIONED FOR HIGH HONORS

New Justices of the Supreme
Court Will Probably Be
Named Next Week.

Washington, Dec. 6.—Senator Cummins of Iowa, insurgent leader of the upper house of Congress, called at the White House today. Mr. Cummins spent an hour or more with the President. He waited until the end of a busy afternoon in order to see the President alone.

It was said the senator again talked with the President regarding supreme court appointments and made a report on several suggested candidates. Iowa is in the Eighth circuit, which is to be represented in the supreme court by one of the President's nominees. The President is anxious to consult with many senators and congressmen from the circuit as possible.

Senators Bacon and Terrell, and Representative Bartlett, of Georgia, were at the White House to urge the appointment of Judge Joseph R. Lamar of Augusta, Ga., a Democrat.

Senators Penrose of Pennsylvania and Dick of Ohio and former Senator Spooner of Wisconsin all talked supreme court with the President late today.

It can be said authoritatively that, while the President's list of eligibles is daily narrowing, he will not be in a position to announce the new justices until next week. Political considerations, it is declared, are not entering into the deliberations.

STATE CONVENTION OF WOOLGROWERS

Meeting to Be Held Last of
Month When Delegates
Will Go to Portland.

Planning to discuss the various sheep and wool problems that will come before the national convention of the woolgrowers in Portland in the early part of January, in order to come to some definite understanding of what stands will be taken by the Utah woolgrowers on the various problems, the Utah state convention of woolgrowers has been called for December 29. Delegates from all parts of the state will be in attendance at the state convention, which will go into session Friday morning and will last through Friday and Saturday, with two sessions on each day. The state convention will cover practically all of the issues that are to be brought out at the national convention, enabling the Utah sheepmen to work in unison at the national meeting.

One of the features will be an address by A. F. Potter, associate forester, for which arrangements have already been completed. Mr. Potter will talk on grazing on the national forest reserves.

As soon as the Utah session is completed the delegates will board a special train for Portland to be in attendance at the national convention. The first week in January, it is expected the Utah delegation will be 1,000 strong.

CATHOLIC CHURCH LAWS ARE CHANGED

Hereafter a Pastor Cannot Be
Removed by Bishop or Archbishop at Will.

New York, Dec. 6.—Changes in the ecclesiastical law of the Roman Catholic church, as promulgated by Pope Pius X, were announced today at the archdiocese of New York today at the triennial synod at St. Patrick's cathedral. More than 600 priests attended.

The most important decree is the "maxima" decided upon by the consistorial congregation at Rome, which takes from the bishop or archbishop of a diocese or archdiocese, respectively, the power to remove a pastor. Hereafter the power of removal will rest with the "de Amotione Facultate" which consists of six priests besides the archbishop.

Reasons for the removal of a pastor have been admitted upon by the consistorial congregation at Rome as follows: Perpetual insanity, such infirmity or incapacity as renders him incapable of performing his duties, permanent physical or mental infirmities, the anti-social conduct of the pastor, or his work useless and is likely to continue, loss of reputation, a hidden crime, or a scandalous life, and disobedience to the bishop, if continued after one or two warnings.

Another change announced is that pertaining to the age at which children may receive first holy communion. Hereafter it has been the custom among priests in the English-speaking countries not to administer the sacrament until a child is between the ages of ten and twelve.

The decree issued makes it imperative for the priests the world over to prepare children so they may receive the first sacrament upon attaining the age of reason, which is seven, and in some cases six.

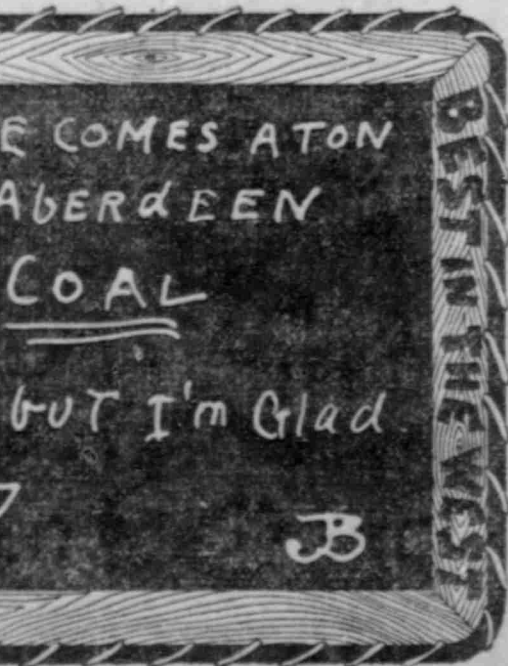

HUNGRY FOR OFFICE.

Helena, Mont., Dec. 6.—A. J. Dunean, Democratic candidate for county treasurer at the recent election today filed a contest suit in the district court, and praying for a recount of the vote. It is alleged that many voters fraudulently gave for Sullivan, Democratic candidate for sheriff, were cast for Sullivan, Republican candidate for treasurer.

For the mother in the home to be strong and well, able to devote her time and strength to the rearing of children, is one of life's greatest blessings. Often the bearing of children injures the mother's health, if she has not prepared her system in advance for the important event.

MISADVENTURE THE SUGAR CASE

Utah Men Ordered to Answer
to Federal Suit Filed in
New York.

By order of the United States court of the southern district of New York several Utah men interested in subsidiary companies of the American Sugar Refining company must make appearance in the suit of the government against the sugar trust. The appearance must be made by January 3, 1911.

Those in Utah affected by the court order are: Joseph F. Smith, president, and T. R. Cutler, vice president, of the Utah-Idaho Sugar company; David Eccles, president, and Henry H. Robins, secretary, of the Lewiston and the Amalgamated Sugar companies.

While the action of the government is to dissolve the trust, the three companies are named as co-defendants because the American Sugar Refining company is the stockholder in them. If it is ordered by court that the trust dissolve, then the stock held by it in the subsidiary companies will be distributed among the stockholders of the smaller companies.

It is merely a civil action, and the Utah men named as officers of the companies will make appearance, probably, by answer.

MUTUAL FRIENDS ACTING IN WATER

Probability That Judge Baldwin and Col. Roosevelt Will Bury the Hatchet.

New Haven, Conn., Dec. 6.—Colonel Roosevelt has written to Governor-elect Baldwin several times since the election of November. It is understood, but the letters have been returned. There has been no definite adjustment of the controversy which arose over Colonel Roosevelt's criticism of Judge Baldwin's alleged attitude towards the men's compensation laws, but mutual friends are said to be trying to bring about a reconciliation.

Colonel Ulman, president of the New Haven Chamber of Commerce, has been in order to pave the way for acceptance by Judge Baldwin of the invitation to address the chamber at its banquet next Tuesday. When Colonel Roosevelt will be the guest of honor.

It is said that Judge Baldwin insists that a public statement must come from Colonel Roosevelt touching on the later's speech at Concord, N. H., before direct communication will be considered. Pending a statement from Colonel Roosevelt there is no acceptance by Judge Baldwin of the invitation to the banquet as a guest and speaker.

It is understood also that Colonel Roosevelt need not expect any service from Judge Baldwin. When he comes here, Judge Baldwin, during the campaign, said he would bring suit for alleged damage against his critic. There was a disavowal of the statements contained in the speech in question, which statement was maintained, reflected upon his standing as a member of the bar.

New York, Dec. 6.—After reading the New Haven dispatch at his office here today, Colonel Roosevelt said:

"Judge Baldwin has written to me and I have answered the correspondence. The correspondence is not yet beyond the mere announcement of death."

Two Abnham Black Men Hanged to a Tree for Robbing Barn and Outhouses.

Monroeville, Ala., Dec. 6.—Calvin Exele and Sylvester Peyton, negroes, were found hanged to a tree at Decatur Branches, two miles from here, yesterday. They had been arrested on a charge of robbing the barn and outhouses of Edgar Bass, and confessed to the crime.

A deputy sheriff of Monroe county had them in charge and was bringing them to this place for safe keeping, when he was overpowered by unidentified men, his prisoners taken from him and strung up to a tree.

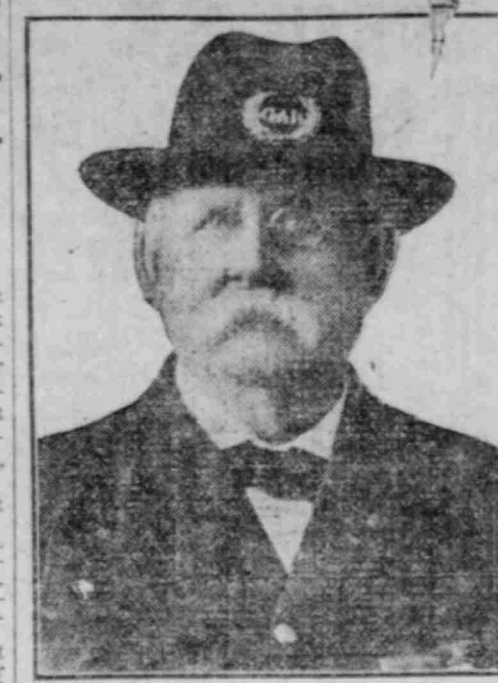

PROSPERITY EVIDENT

Conditions Even Better Than They Were Twelve Months Ago.

Washington, Dec. 6.—Despite the fact that the last report of the national banks shows decreases of some \$16,000,000 in loans and discounts and corresponding gains in cash which may be taken to indicate a slackening of commercial activity in some parts of the country, a comparison with the condition a year ago gives quite a different result, and officials of the treasury department see evidences of commercial prosperity.

In November the 7,000 national banks of the United States were carrying nearly \$400,000,000 more in loans and discounts than a year ago. Individual deposits were \$14,000,000 greater than in 1909, and total resources of all the banks were \$265,000,000 greater.

Mr. Wm. H. HAINES, 81 years of age.

From a helpless invalid, owing to a weakened, rundown condition of the system, to a vigorous man of 81 years of age, is the experience that Mr. Wm. H. Haines, a Grand Army Veteran, has passed through during the last few years, owing to the use of Duffy's Pure Malt Whiskey as his only medicine.

In writing to a friend he said: "Today I am strong and vigorous for a man of my age. 81 years, my present physical condition being vastly different from what it was a few years ago, thanks to Duffy's Pure Malt Whiskey.
